Refreshing Spring Beauty

Every home should have some Daffodils. They are so easy to grow as they require absolutely no care. They will last a lifetime, increasing in beauty and number of blooms each year. And there is nothing better for a naturalizing effect in your garden. Plant them in beds, borders, in front and among trees and shrubs as a background for perennials. The bulbs we send you are the finest grown, each one guaranteed to bloom next spring. They will thrive in ordinary soil, in full sun or part shade. Plant them 7 inches deep and a foot apart. Be sure to mulch lightly the first winter. Our prices are low to encourage quantity plantings, a large bed of Daffodils will thrill you with its refreshing beauty every spring. The bright, cheerful flowers are so welcome after winter's drabness. Daffodils are also superb for cut flowers.

The fragrant bouquets will last for many days at a time when flowers are scarce for cutting. They can also be potted for indoor bloom. Each of the varieties we list has been thoroughly tested in our trial plantings which include over 50 kinds. We know you will agree that they are the finest money can buy. Inter-State's Daffodils are guaranteed to please you both when you receive the bulbs and when they bloom next spring. All Daffodils are Postpaid.

Gragrant HYACINTHS

Everybody loves Hyacinths. They are so fragrant, a bed of them will perfume your yard. A small bouquet will perfume a room. And the colors are so beautiful. They bloom early, just ahead of the Tulips. Come up year after year without any special care. Plant them this fall 6 inches deep, 6 inches apart. In the northern states a winter mulch is beneficial. They are also very fine for potting and indoor bloom. These bulbs are imported by us direct from the best growers in Holland. We handle the larger 15-16 cm. bedding size bulbs which give larger and better blooms than the smaller 14-15 cm. size. Postpaid.

Giant CROCUS Pictured Below Actual Size

The flowers of these new Crocus are pictured actual size. These are the newer larger flowered kinds. They bloom real early in the spring, sometimes peeping through the snow. They grow 6 to 8 inches tall. Plant them this fall in sun or shade, 2 to $2\frac{1}{2}$ inches deep, 3 to 4 inches apart, in solid beds or borders. You can fill the bare spots around the shrubs, trees and perennials. These are the larger 8-9 cm, size bulbs which give you more and larger flowers than the smaller sizes. Every bulb is guaranteed to bloom next spring. Postpaid.

Flowers Like Orchids

These are the famous deGraaff Hybrids. Bloom right after the Tulips and are lovely in the garden. They bloom over a long period, each stem producing several flowers. Few flowers equal them for cutting because they last so long and their exquiste orchid-like blooms, on 18 to 24-inch stems, have a distinctive grace and beauty possessed by few flowers. Plant them this fall 5 inches deep, 8 inches apart, selecting a sunny, well drained spot. In the Northern States protect with a winter mulch of straw, hay or lawn rakings. They multiply in the ground. You can plant them freely. They will give you many beautiful flowers at low cost.

With each mixed collection we will include without extra cost, one ROCKET, the new brilliant orange Iris which sells for \$1.50 if bought by itself.

ATTRACTIVE BABY IRIS

These are dwarf growing varieties of Iris that bloom so early in the spring. Especially fine for border planting, require little or no care and come up year after year, continuing to multiply and increase in beauty each passing year. Very nice to have at "May-Basket Time" when other flowers are so scarce. FFM 399 Five Attractive Baby Iris, Mixed Colors, for \$1.35, Postpaid.

BLEEDING HEART

FM 58. Bleeding Hearts are perfectly hardy and easy to grow. Thrive in shady places where few plants will grow. Especially fine for the north side. The rich green cut-leaved foliage is itself attractive. Then for several weeks in the spring the lovely heart-shaped pink flowers hang along the graceful arching branches. Plant them this fall, covering the eyes with about 2 inches of soil. They become larger and more beautiful each passing year. Each 65c; 2 for \$1.25, Postpaid

IMPORTANT—WINTER MULCH

All Lilies, Poppies, Daffodils, Hyacinths, Dutch Iris, Phlox and all stock planted in the fall should have a winter mulch of some loose material like lawn rakings, straw, excelsior, to prevent alternate freezing and thawing.

> Japanese Iris (Kaempferi) The Rainbow Iris

> > FM 182. Japanese Iris in the early days were called Children of the Gods, because of their gorgeous colors. Few plants can compare with them for spectacular beauty. They bloom in June and July after the other Iris are through. Large, flat flowers, some as large as dinner plates, atop strong stems around 3 feet tall. The colors range from white through shades of lavender, blue and purple, also yellow, pink, rose and red. The foliage itself is attractive. When planting cover the crown with two inches of soil. Likes a sunny spot, rich soil and abundant moisture, especially early in the season and during blooming time. They like an acid soil (the average soil is generally acid) and will not tolerate lime. They are grown from coast to coast. We offer these in a fine mixture of colors. Mulch them after the ground freezes.

GIANT OLYMPIC

Giant Olympic was also created by Jan de Graaff and without doubt is one of the greatest of all garden Lilies. Huge trumpet shaped flowers, 7 to 9 inches long and 5 to 6 inches across on husky stems 4 to 6 feet tall. Overshadowing the old Regal Lily because of their broader and larger flowers and pyramidal flower heads, they are becoming the most popular trumpet Lily. The flowers vary in color from pure white through cream, pink and soft green. Starts blooming in July and continues for several weeks. Plant in a well drained spot 7 inches deep, in full sun or part shade. WILL BLOOM NEXT SUMMER, the larger size bulbs producing more flowers. HARDY AMARYLLIS—Surprise Lily

FB 151. Hardy Amaryllis (Lycoris Squamigera). This amazing bulb produces attractive green foliage in the spring. The foliage then dies down. In August, the flower stalks shoot up 2 feet tall with large Lily-shaped flowers, a lovely orchid-pink. There are often 8 to 12 flowers on a single stem. Perfectly hardy here but we do not advise planting in cold states like Minnesota, Dakotas, etc. Plant 4 to 5 inches deep with a winter mulch to prevent alternate thawing and freezing. The bulb multiplies, so each passing year there are more flowers. Postpaid. 3 for \$1.25 Each 50c
